Exhibit A

Processing Personal Data According to GDPR

In case processing of your Personal Data falls within the scope of the GDPR, then MMM shall perform such processing in accordance with GDPR requirements. Therefore, in addition to the above terms, MMM provides you with the following information:

(a) You are entitled to:

- **Request access** to your Personal Data. This enables you to receive a copy of the Personal Data we hold about you and to check that we are lawfully processing it.
- **Request correction** of the Personal Data that we hold about you. This enables you to have any incomplete or inaccurate Personal Data we hold about you corrected, though we may need to verify the accuracy of the new data you provide to us.
- **Request erasure** of your Personal Data. This enables you to ask us to delete or remove Personal Data where there is no good reason for us continuing to process it. You also have the right to ask us to delete or remove your Personal Data where you have successfully exercised your right to object to processing, where we may have processed your information unlawfully or where we are required to erase your Personal Data to comply with local law. Note, however, that we may not always be able to comply with your request of erasure for specific legal reasons which will be notified to you, if applicable, at the time of your request.
- **Object to processing** of your Personal Data where we are relying on a legitimate interest (or those of a third party) and there is something about your particular situation which makes you want to object to processing on this ground as you feel it impacts on your fundamental rights and freedoms. You also have the right to object where we are processing your Personal Data for direct marketing purposes.

In some cases, we may demonstrate that we have compelling legitimate grounds to process your information which override your rights and freedoms.

- **Request restriction of processing** of your Personal Data. This enables you to ask us to suspend the processing of your Personal Data in the following scenarios: (a) if you want us to establish the data's accuracy; (b) where our use of the data is unlawful but you do not want us to erase it; (c) where you need us to hold the data even if we no longer require it as you need it to establish, exercise or defend legal claims; or (d) you have objected to our use of your data but we need to verify whether we have overriding legitimate grounds to use it.
 - **Request the transfer** of your Personal Data to you or to a third party. We will provide to you, or a third party you have chosen, your Personal Data in a structured, commonly used, machine-readable format. Note that this right only applies to automated information which you initially provided consent for us to use or where we used the information to perform a contract with you.
 - **Withdraw consent at any time** where we are relying on consent to process your Personal Data. However, this will not affect the lawfulness of any processing carried out before you withdraw your consent. If you withdraw your consent, we may not be able to provide certain products or services to you. We will advise you if this is the case at the time you withdraw your consent.
- (b) With respect to Personal Data collected as a result of the account a Data Subject decided to create on the Platform, then consent is the legal basis for processing. With respect to Personal Data collected by MMM from public social media posts, such processing is based on a legitimate interest. MMM, when collecting Personal Data from public social media posts about products, aims at deriving insights from public consumer opinion through social media data. Personal Data collected in this way helps understand current trends in consumer attitudes and associated market opportunities. Given that social media data at stake is publicly available, collecting thereof by MMM shall meet the consumers' reasonable expectation of privacy and shall constitute one of the least intrusive ways of gathering public opinion data. Moreover, it is common amongst consumers to expect to receive a response from a brand within 24 hours after posting about their product or service on a public social media website. To be responsive and transparent, modern companies need to be able to search and monitor public social media data for terms related to their brands and products and collecting of Personal Data by MMM helps them achieve this goal.
- (c) You will not have to pay a fee to access your Personal Data (or to exercise any other rights). However, we may charge a reasonable fee if your request is clearly unfounded, repetitive or excessive. Alternatively, we may refuse to comply with your request in these circumstances.
- (d) We may need to request specific information from you to help us confirm your identity and ensure your right to access your Personal Data (or to exercise any other rights). This is a security measure to ensure that personal data is not disclosed to any person who has no

right to receive it. We may also contact you to ask you for further information in relation to your request to speed up our response.

- (e) We try to respond to all legitimate requests within one (1) month. Occasionally it may take us longer than a month if your request is particularly complex or you have made a number of requests. In this case, we will notify you and keep you updated.
- (f) MMM does not perform automated decision-making, including profiling.
- (g) Unless necessary and legally permissible, MMM does not intend to transfer Personal Data to a third country or international organization.
- (h) You may at any time lodge a complaint with a supervisory authority located in the European Union having jurisdiction over processing; and
- (i) If you wish to exercise any of the rights set out above, please contact inquiries@mmmtransport.com
